4 of 2004, did you respond to Sleepy Hollow for
5 the purpose of conducting an interview?

6 A Yes.

7 Q And what individual did you interview at that

15 Q

And this is what Mr. Valle said to you?

16 A

Yes.

17 Q

Who was he going to remove the gas with?

18 A

With other individuals, a Jack Tornello and a
19 Capello, Paul Capello.

20 Q

Did he indicate to you when that was going to
21 happen?

22 A

They were going to do it Sunday morning, the
23 next day.

24 Q

What, if anything, did he tell you with respect
25 to what he did at approximately 9:15 on Sunday

Moran

12

1

2

3

4

morning, which would be the 16th, May?

5

A Prior to going down to the boat, Mr. Valle went

6

to the Sleepy Hollow Firehouse and picked up

7

two gas cans, approximately five gallons in

8

capacity.

9

Q Excuse me. Did he meet anybody else there?

10

A Yes, he met the fire chief, Assistant Fire

11

Chief Capello, Paul Capello, and went down to

12

the marina from there.

13

Q Did he indicate to you at what time he returned

14

to the firehouse?

15

A He told me approximately an hour later. So

16

that would make it 10:15 in the morning, with

17

two--returning with Mr. Capello.

18

Q What, if anything, did they say they

19

encountered when they responded back there?

20

A Um, they pulled in in front of the firehouse on

21

the right, on the tarmac by the garage doors,

22

firehouse garage doors, they pulled up and, um,

23

they opened up the garage door, and there were

24

several people inside the firehouse that they

25

didn't recognize, and it was a lot of adults,

adults and children and, um, that's who they encountered when he opened up the firehouse doors.

Q And what, if anything, did he tell you that he did while he was at the firehouse at that date and time?

A He took gas cans and went into the firehouse, and Chief Capello went and spoke to the parents and the kids to see what they were doing there in the firehouse.

Q Now, what, if anything, did Mr. Valle tell you with respect to the amount of gasoline that was siphoned out of the boat?

A He advised me in the interview that they pumped out approximately sixty-five to seventy gallons of gasoline out of the tank.

Q Did you inquire of Mr. Valle as to whether or not he had seen the water running in the sink

in the firehouse?

A I asked him that and he replied no, he did not hear it or see it at any time.

Q Did you ask Mr. Valle if he poured any

Moran

14

1

2

3

4 gasoline in the sink?

5 A Yes.

6 Q And what, if anything, did he tell you?

7 A He told me no.

8 Q Did he tell you if he knew who did?

9 A No. He had no opinion how the gasoline got
10 into the slop sink or into the pipes leading
11 out to the street.

12 Q Now, Investigator Moran, did you have occasion
13 to respond to 126 Valley Street during the
14 course of this investigation?

15 A Yes.

16 Q And did you enter the crawl space at that
17 location?

18 A Yes, I have.

19 Q And did you have the opportunity to photograph
20 that crawl space?

21 A Yes.

22 Q Drawing your attention specifically to Grand

23 Jury Exhibits Number Ten and Eleven, do you

24 recognize the items depicted in Grand Jury

25 Exhibit Numbers Ten and Eleven?

1 Moran

2 15

3

4 A Yes.

5 Q And what do you recognize those to be?

6 A This is a pipe inside the crawl space at 126
7 Valley Street.

8 Q And in fact you took those photographs; is
9 that correct?

10 A That's correct.

11 Q Was there a cap for that pipe?

12 A There was a cap. It wasn't the correct cap for
13 that pipe, and it was laying beside the pipe
14 itself on the floor, and I took it after we did
15 the dye test, and I resealed with duct tape to
16 prevent any other gases possibly coming back
17 into the crawl space in the future until they
18 got a proper cap for it.

19 MS. BRAILEY: Mr.

20 Hughes, do you have any questions for

21 Investigator Moran?

22 MR. HUGHES: Yes.

23

24

25

Moran

16

3

4 EXAMINATION BY MR. HUGHES:

5 Q Investigator Moran, when Mr. Valle described
6 his going to the firehouse with Chief Capello--

7 A Yes.

8 Q Did he describe whether or not he had brought
9 any cans--what was his purpose for going to the
10 firehouse?

11 A Um, his purpose was to pick up a couple of lag
12 bolts, and he said lag bolts and some gas
13 containers.

14 Q Did they pick up some containers from the
15 firehouse?

16 A He really wasn't clear in reference to whether
17 he was dropping them off or picking them up,
18 but according to witnesses that we interviewed,
19 the party that--

20 Q I don't want-- that testimony would be hearsay.
21 Just what he told you. What did he tell you

22 regarding the gas cans?

23 A Um, he said, "I found--he went back into the--

24 he went back into the firehouse, and he found
25 one additional gasoline container inside a room

1 Moran

2 17

3

4 of the firehouse, and he also picked up a
5 couple of lag bolts for the boat.

6 Q He didn't say he brought any containers there?

7 A He said-- no, he did not.

8 MR. HUGHES: Okay.

9 Yes, sir?

10 A JUROR: Could you
11 elaborate on why that wasn't a proper cap for
12 that pipe, and what would be a proper cap?

13

14

15 EXAMINATION BY MS. BRAILEY:

16 Q What made you make the determination it was not
17 a proper cap for that pipe?

18 A It didn't fit. It wasn't--it didn't have,
19 according to the people that I spoke to there--

20 Q Based on your own observations?

21 A It just didn't fit. It wasn't the right size,

22 and that's why I put it down. I put it on top
23 and duct taped it so it would stop the fumes

24 from back feeding in the crawl space again.

25 A JUROR: Thank you.

Moran

18

1

2

3

4 Q So it wouldn't be secure on its own, it just
5 didn't meet?

6 A No, it didn't thread on. Didn't snap on it, it
7 didn't do anything. It wasn't the right one.

8

MS. BRAILEY: Yes,

9

ma'am?

10

A JUROR: Did Mr.

11

Valle tell you either what he intended to do
12 with the gas he took off the boat or what he
13 actually did with the gas he took off the boat?

14

15 Q You may answer the question.

16

A No.

17

A JUROR: Did you ask

18

him that question?

19

THE WITNESS: I asked

20

him what happened to the gas, and, um, of the
21 gallons, and he said that they put them in the

22

back of the pick-up truck and they took them to

23

the DPW.

24

A JUROR: So he did

25

tell you what he did with the gas?

Moran

19

THE WITNESS: Some of

the gas, yes.

MS. BRAILEY: Yes,

ma'am?

A JUROR: Did you

interview Paul Capello at all?

THE WITNESS: Um--

MR. HUGHES: Just a

moment. Just one moment, folks.

(Whereupon Ms.

Brailey, Mr. Hughes, and the witness stepped

out of the Grand Jury Room)

(Whereupon Ms.

Brailey, Mr. Hughes, and the witness re-entered

the Grand Jury Room)

5 EXAMINATION BY MS. BRAILEY:

6 Q Investigator Moran, did you interview Paul
7 Capello?

8 A No.

9

MS. BRAILEY: Yes,

10

ma'am?

11

A JUROR: You said,

12

like, Mr. Valle told you he pulled out sixty

13

gallons worth of gasoline, but there were only,

14

like, six cans. Did he tell you what he did

15

with the rest of it?

16

17 Q You may answer the question?

18

A No, he did not.

19

MR. BRAILEY: Yes,

20

ma'am?

21

A JUROR: The time

22

that they entered the firehouse--

23

MS. BRAILEY: I am

24

sorry?

25

A JUROR: What time did he

1 Moran

21

2

3

4 tell you he entered the firehouse?

5

6

MS. BRAILEY: Which

7

time?

8

A JUROR: Valle went

9

to the firehouse when he encountered all these

10

people.

11

MS. BRAILEY: What

12

time was it when he saw the people at the

13

firehouse?

14

A JUROR: Yes.

15

16 Q Did he tell you what time they arrived, which

17

would be the second time that day?

18 A

Approximately 10:15 in the morning.

19

MS. BRAILEY: Mr.

20

Hughes, do you have anything else?

21

MR. HUGHES: No.

22

MR. BRAILEY: Any

23

other members of the Grand Jury have any

24

questions?

25

A JUROR: Mr. Moran,

1 Moran

22

2

3

4 you were present for the dye test?

5

THE WITNESS: Correct.

6

A JUROR: Did you remove that cap?

7

THE WITNESS: Yes, I

8

did.

9

A JUROR; And then

10

replaced it?

11

THE WITNESS: Yes.

12

MS. BRAILEY: Are

13

there any other questions?

14

Yes, sir?

15

A JUROR: Have you

16

checked the contents of the receptacles at the

17

place where they supposedly disposed of the

18

gasoline in DPW?

19

THE WITNESS: Yes.

20

A JUROR: What did you

21

discover?

22

THE WITNESS:

23

Inconclusive. They have two storage tanks, one

24

for the gas and one for the waste oil, and, um,

25

for those type of materials that are to be

1 Moran

2 23

3

4 disposed of according to the gentleman that
5 works for DPW, he took those--

6 MS. BRAILEY: You
7 can't testify as to what another person told
8 you on that particular circumstance.

9 Yes, sir?

10 A JUROR: Mr. Moran,
11 with respect to the cap that you removed--

12 THE WITNESS: Yes?

13 A JUROR: Was there
14 only a single cap you removed or did you remove
15 two caps?

16 THE WITNESS: No, only
17 one cap on the floor when we arrived.

18 A JUROR: And there
19 were two pipes?

20 THE WITNESS; There
21 was one pipe.

22 Q I would ask you to look at Grand Jury Exhibit
23 Number Sixteen.

24 A Okay. That's a different pipe.

25 Q Is that a second pipe?

Moran

24

1

2

3

4 A Correct.

5 Q In the crawl space?

6 A Yes.

7 Q But the pipe that had the misfitting cap was a
8 cleanout pipe?

9 A Was the sewer line, right.

10

MS. BRAILEY: Yes,

11 ma'am?

12

A JUROR: I am a

13 little confused. We heard testimony there were
14 six five gallon gasoline cans, and there is now
15 sixty some odd gallons of gasoline. Did Mr.
16 Valle explain how with gallon cans that can
17 only hold thirty, thirty-one gallons, if he
18 made a second go round? How did he get all of
19 this gas out of the boat?

20

21 Q Did Mr. Valle explain?

22 A I asked him that exact question.

23 Q And what answer did you receive?

24 A He did not tell me how the other thirty-five to
25 forty gallons--where it went.

Moran

25

Q Did he tell you how many gas cans they had that day?

A Six. Three were his and three were the firehouse's.

MS. BRAILEY: Yes, sir?

EXAMINATION BY MR. HUGHES:

Q Investigator Moran, what exactly did he tell you when you asked him that question? What was his response?

A What happened to the other gallons?

Q Yes. What did he say?

A He did not make an affirmative answer. An answer to where the other forty went, he said, "We only did thirty gallons." I said, "If you just said sixty to seventy gallons, where did the other go?" He said, "I don't know."

MR. HUGHES: Thank you.

MS. BRAILEY: Yes, sir?

Moran

26

3

4

A JUROR: Just to

5

clarify the question that was asked before, did

6

he say he made two trips or more than one trip

7

to get gas out of that boat?

8

9 EXAMINATION BY MS. BRAILLEY:

10 Q

You may answer the question.

11 A

Can you restate the question, because I am

12

really not sure what you are asking.

13

A JUROR: There was a

14

claim or statement there was about sixty

15

gallons of gas taken out of the boat, and you

16

have about thirty or thirty-one gallons

17

capacity in six containers. In my mind someone

18

has to make two trips in order to get sixty

19

gallons out. Did the gentleman say that he

20

made two trips or did he just make one trip?

21

THE WITNESS: He told

22

me that he was at the firehouse twice that day,

23

once around 9:00 to pick up some cans, and then

24

they returned at 10:15 to pick up an additional

25

can, where they met the birthday people. So,

Moran

27

in actuality he made two trips to the
firehouse, but only one after they arrived at
the boat.

MR. HUGHES: That's
what he told you?

THE WITNESS: That's
what he told me, yeah.

A JUROR: Only went to
the boat once is what we are saying?

Q How many times did Mr. Valle tell you he went
back from the boat to dispose of gas?

A Mr. Valle only admitted pumping out the thirty
gallons, the six five gallon containers,
approximately thirty-one gallons, and those
were the gallons that were dropped off at DPW.
He did not admit to bringing gas cans at 10:15
to the firehouse.

MS. BRAILEY: Yes,
sir?

A JUROR: I guess I
can't--maybe you can better ask this question,

the A.D.A. Is it possible that they drove the truck, the pick-up truck through the fire station and they had the gas cans in the truck, picked up the extra gas cans at the firehouse, put them in the back, put that into the truck, and while they did that they possibly could have had the cans in the truck at that time?

MS. BRAILEY: I can't pose that question to this witness.

Yes, ma'am?

A JUROR: Did you actually see the gas cans at DPW? Can you ask him that?

Did you see gas cans at DPW?

Yes.

A JUROR: You might have answered this already. I am just confused with those gas cans full of gas.

At the time you saw them, Investigator Moran, were those gas cans full of gas?

1 Moran

29

2

3

4 A I cannot tell, because I was looking at the
5 video tape.

6

MS. BRAILEY: Okay,

7 here we go.

8

9 Q Investigator Moran, did you have occasion to
10 review security video tapes from the Department
11 of Public Works or the Village of Sleepy
12 Hollow?

13 A Yes.

14 Q And where did that take place?

15 A Took place in the Office of the DPW.

16 Q And did you review--was anybody present with
17 you?

18 A Yes.

19 Q Members of the Sleepy Hollow Police Department?

20 A Yes.

21 Q And another investigator from our office?

22 A Correct.

23 Q And did you review the DVD or video tape of May

24 16, 2004?

25 A Correct.

1 Moran

2 30

3

4 Q What, if anything, did you observe on that
5 video tape--was the tape time stamped?

6 A Yes.

7 Q Date and stamped?

8 A Yes.

9 Q What, if anything, did you observe on the video
10 tape at approximately 1447 hours for the May
11 16, 2004, tape?

12 A I saw Paul Capello drive in along with
13 passenger Miguel Valle in the assistant fire
14 chief truck vehicle, come into DPW and off load
15 what looked like gas cans that were placed in
16 front of the DPW garage doors.

17 A JUROR: How many gas
18 cans?

19 THE WITNESS: I recall
20 five or six at the time.

21

22 Q And that was at 2:47 in the afternoon?

23 A Correct.

24 MS. BRAILEY: Yes,

25 sir?

1 Moran

31

2

3

4

A JUROR; Did Mr.

5

Valle say that they disposed of any gas at the

6

DPW facility?

7

8 Q You may answer the question.

9

A They said they dropped it off in front of the

10

garage door.

11

A JUROR: Didn't say

12

they disposed of it in any sort of a waste

13

tank?

14

THE WITNESS: No.

15

A JUROR: Do you know

16

if there is a facility for disposal of bad gas?

17

MS. BRAILEY: I

18

believe he has testified to that--

19

20 Q You may answer the question.

21 A

There is a waste tank at the DPW in which the

22

DPW employee told me that--

23 Q

Without telling us what the DPW told you.

24

Can gasoline, under any circumstances be put in

25

the waste oil tank?

1 Moran

2 32

3

4 A No.

5 MS. BRAILEY: Yes,

6 sir?

7 A JUROR: Did you, at

8 any time, sample the contents of the waste oil

9 tank to see if it had any concentration of

10 gasoline?

11

12 Q Did you sample the waste oil tank?

13 A I believe we did. I don't have the lab reports

14 in front of me, but I took several samples that

15 day.

16 MS. BRAILEY: Yes,

17 ma'am?

18 A JUROR: The video

19 camera, would it show locations like where the

20 waste oil tank is, and if anybody was on the

21 premises and dumping stuff, are the cameras

22 positioned by that?

23 THE WITNESS: I am

24 just trying to--I believe it would.

25

1 Moran

2 33

3

4 Q Are you sure? I am just asking.

5 A I believe so. If I recall correctly where the
6 waste oil tank was--

7 Q When you reviewed that video tape, did you
8 observe anybody putting gasoline or emptying
9 anything in the waste oil tank?

10 A No, just dropped them off in front of the
11 garage doors.

12 MS. BRAILEY: Yes,
13 ma'am?

14 A JUROR: Did anybody
15 check the gas tank from the actual boat to see
16 if there was gas left in the tank?

17

18 Q Did you attempt to stick the gas tank on the
19 boat?

20 A Yes.

21 Q And were you able to do that?

22 A No.

23 Q And why is that?

24 A Because the neck of the gas filler part is
25 angled. You just can't do that.

Moran

34

1

2

3

4 Q But you tried?

5 A Yes.

6

MS. BRAILEY: Yes,

7 ma'am?

8

A JUROR: So on the

9

video tape you observed the fire chief's car?

10

THE WITNESS:

11

Assistant fire chief's car.

12

A JUROR: Bringing the

13

gas cans in the white pick-up truck?

14

THE WITNESS: Correct.

15

A JUROR: An open bed

16

pick-up truck?

17

THE WITNESS: Correct.

18

19 Q What was that time, approximately?

20 A Approximately 2:47.

21

MS. BRAILEY: Yes,

22

ma'am?

23

A JUROR: Did you see

24

them actually carrying the cans out of the

25

truck?

1 Moran

2 35

3

4 THE WITNESS: Yes, we
5 saw it on the video.

6 A JUROR: Do you have
7 any opinion as to whether they were full of gas
8 or empty cans?

9

10 Q Based on observations of the video, can you
11 describe the manner in which they were being
12 moved so as to maybe an evaluation as to
13 whether in your experience they were heavy or
14 light?

15 A To be perfectly honest, I couldn't tell if they
16 were full or not, or half full. I could not
17 tell.

18 MS. BRAILEY: Yes,
19 ma'am?

20 A JUROR: Were they
21 ever looked at, those gas cans, I mean, the
22 transporter containers?

23

24 Q Did you subsequently look at these gas cans?

25 A Yes.

Moran

36

1

2

3

4

A JUROR: Was there

5

anything in them?

6

THE WITNESS: Not at

7

the time I saw them.

8

9 EXAMINATION BY MR. HUGHES:

10 Q When did you examine the cans?

11 A I examined the cans the next day, I believe in

12 the early afternoon.

13

14 EXAMINATION BY MS. BRAILEY:

15 Q That would be May 17th, the day after the

16 incident?

17 A Yes, uhuh.

18

MS. BRAILEY: Yes,

19

sir?

20

A JUROR: Based on the

21

video, could you tell if the cans were moved

22

from the initial location in front of the door

23

at DPW, between the time that they were dropped

24

off and the time that you were able to view the

25

cans or inspect the cans, to see if they had

gas in them? In other words, did someone--

5

could someone have possibly come between 1447

6

on the 17th, and emptied those cans, someone

7

else besides the people who dropped them off?

8

9

Q If you recall, did you view that portion of the

10

video tape?

11

A Yes. Those containers never moved.

12

Q Until the time you saw them?

13

A No--until the time the DPW--

14

Q Until the DPW what?

15

A Worker picked them up and put bad gas water in

16

the waste oil tank and put gas back into the

17

gas tank.

18

Investigator. Day and date.

24

4 A Yes. The day after the explosion, Monday the

10 Q What do you mean partially?

11 A He admitted, the DPW worker admitted to me that
12 he took what appeared to be water, dumped it
13 into the waste oil tank, and took the gas that
14 he separated from the water and dumped it into
15 the DPW gas reserve. He didn't throw away good
16 gas.

17 MR. HUGHES: Yes,

18 ma'am?

19 A JUROR: He did

20 that--

21 MS. BRAILEY: Go

19 THE WITNESS: Correct.

20 MS. BRAILEY: Yes,
21 ma'am?

22 A JUROR: The DPW
23 worker who told you that he separated the water
24 and gas, that was not Miguel Valle; is that
25 correct, or it was?

1 Moran

2 40

3

4 THE WITNESS: No.

5 A JUROR: It was a

6 different person?

7 THE WITNESS: Correct.

10 A JUROR: And have you
11 seen anybody dispose of or bring any gasoline
12 in--

13

14 Q You may answer the question.

16 taken out of a vehicle was approximately 2:47
17 that Sunday from the assistant fire chief's
18 truck and placed in front of the garage doors
19 at DPW.

20 MS. BRAILEY: Yes,
21 ma'am?

22 A JUROR: If you know,
23 are there any video cameras at the police

24 department or fire department headquarters of
25 Sleepy Hollow?

1 Moran

2 42

3

4 Q If you know?
